

COMMUNITY TRANSPORT

Community Transport is a service for people to access health services outside of Corryong when there is no other form of transport available or a client is deemed unable to drive. However, clients who are unable to get in and out of a vehicle, must be accompanied by a carer who can assist.

UMHCS will provide community transport for our community clients so that they may access medical services outside of Corryong. The volunteer driven service is available to all community members in the Upper Murray. The service is safe, flexible to your needs, accessible (usually runs daily) and affordable. Please note: Medical appointments do not include trips to the dentist unless seeing either the Wodonga Public Dentist or Kreativ Dental.

Cost for a return trip is \$40 per single or \$50 per couple. The cost of the trip can be then claimed back through the Victorian Patient Transport Assistance Scheme.
