

DAY PROCEDURE UNIT

The Day Procedure Unit (DPU) provides a quality minor procedure service and simple day procedure cases such as gastroscopies, colonoscopies and removal of lesions. These are performed by our team of surgeons, anaesthetist and nurses. This service is run on a monthly basis, usually the third Friday of each month. Anyone who has been referred by our GPs can use this service.

Our admission to discharge framework ensures the client is well informed, supported on discharge and we encourage public feedback so we can constantly improve the quality of our service.

For more information on this service please call (02) 60763200
